# WHY HOLIDAY CUBA?

## TRAVELING IS DISCOVERING THE BEAUTIES OF THE WORLD

HolidayCuba is a leading company specialized in travel, accommodation and tours in Cuba. We work in close cooperation with a very reliable English-Cuban agency that provides guides, vintage cars with an English-speaking driver-guide. We can also offer the cheapest/low cost flights.

HolidayCuba allows customers to purchase holidays at very affordable prices, choose the best and most beautiful accommodations and take advantage of on-site assistance and tourism services in Cuba.

## OUR OFFERS AND OUR SERVICES

Thanks to these collaborations we offer a complete and reliable range of services to meet the personal needs of each client:

from all-inclusive tour packages with stays in the most fascinating places on the island, to reservations at 'casas particulares', to group travel and to those tailored to the most demanding travelers and to those travelling through car rental.

## A JOURNEY FOR ALL TASTES AND MUCH MORE!

Going to Cuba without taking advantage of the opportunity to discover the enchanting places of the island is like getting to the gates of paradise and going back. It is better to choose one of our tours or to adapt one of them to your needs, with the help and experience of one of our agencies so you can truly say that you have been to Cuba.

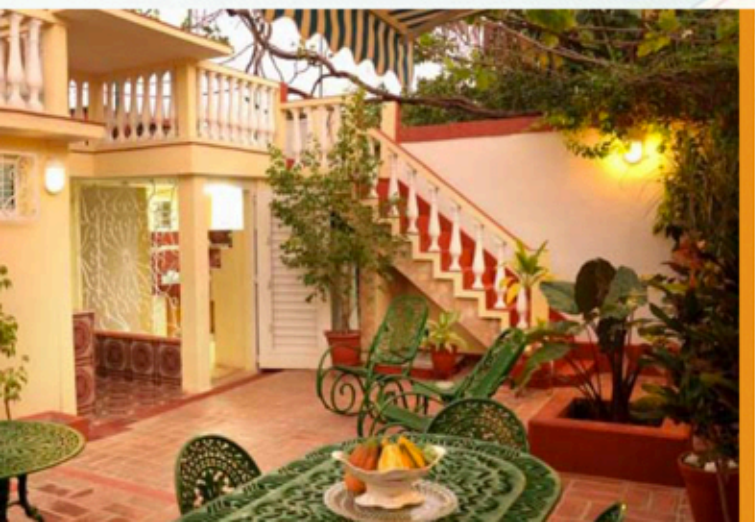

# WHY CUBA?

**DO NOT CALL IT TRAVEL,  
BUT IT IS DREAM THAT BECOMES REALITY**

We want to make Cuba known in its most authentic aspects, giving travelers the opportunity to stay in the private homes of the Cubans, the '**casas particulares**', from the simplest to the most luxurious and beautiful villas, thus discovering the great hospitality, the human warmth, the family environment, the spontaneity, the way of life of the Cuban people.

## VISIT THE CUBA OF THE PEOPLE WITH ITS USES AND TYPICAL COSTUMES

We organize tours that promote the knowledge not only of the places but also of the authentic Cuban way of life and not simply the consumer tourism of large hotels and resorts. Our aim is to create a useful and personalized service according to our customers' expectations. If you are looking for the authenticity of the island, going to Cuba should not to be delayed, because there is the risk of not being able to do the same things in the future, given the foreseeable changes under the strong pressure of big international economic interests.

We prefer to know the places where we go instead of finding ourselves in an isolated structure similar to all the others. Precisely for this reason we have not been satisfied with the activity offered by the other operators but we offer something unique.

# WHY HOLIDAY CUBA?

## A COMPANY OF PROFESSIONALS AND EXPERTS IN THE TOURIST SECTOR

We are a company of professionals and experts who work to completely meet the needs of travelers and make your holidays an unforgettable experience. What unites us, in addition to the passion of traveling, is a strong friendship consolidated by years of work experience in the sector.

**TRUST AND ESTIMATE  
ARE OUR STRONG  
POINTS**

We decided to focus our attention on this beautiful Caribbean island by advertising its beauties. The president of our company has traveled to Cuba several times to personally meet the owners of the lodgings, establishing with them a relationship of mutual trust.

*"Anyone who comes to Cuba remains bewitched.  
It's a holiday impossible to forget"*

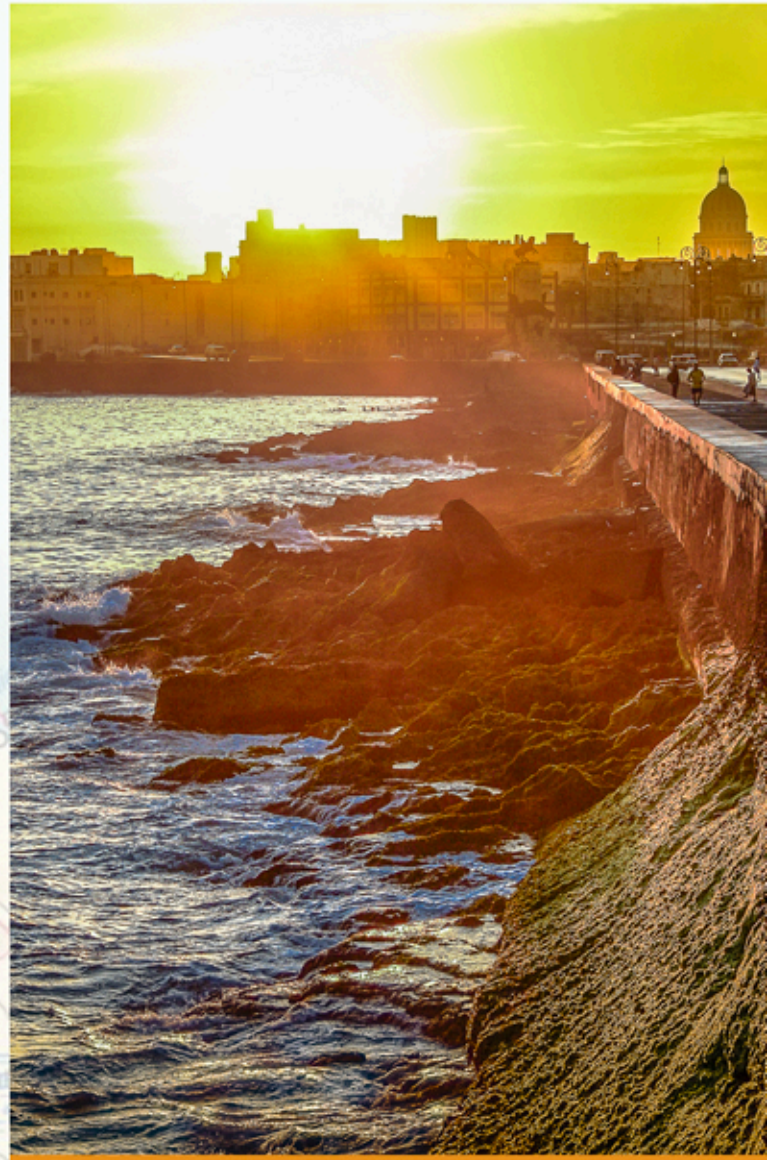

# WHY CUBA?

## THE CHOICE OF DESTINATION

Cuba, a combination of **charm** and **contradictions**. Five centuries of colonization and Spanish architectural heritage, of slavery in the plantations, of ethnic mixtures and cultures, of landing for the corsairs, of wars for independence up to the Che revolution, the characteristic streets of Habana Vieja, the swaying palm trees in the tropical breeze and an absolutely unique atmosphere make it an irresistible destination. There is not only the **white or golden sand** of the beaches, the turquoise blue sea, the lush and uncontaminated vegetation, the music that combines African rhythms with those of Spain and Latin America, with dances, which give off joy. It is a cocktail of natural beauty, of people, of carefree fun and pleasures impossible to forget. This is not only the land of cigars, rum and sugar canes, but an island rich in history and unspoiled nature to be discovered.

## TRAVELING IS TO BREAK THE DAILY ROUTINE

A journey is considered a unique opportunity to get free, even if for a short while, from the usual family routine. If the holiday has a short duration, it would be worth prolonging the trip to realize how different life in Cuba is from ours.

With us you can see the '**casas particulares**' in the most fascinating places of the island, in the cities and in your preferred neighborhood. You can choose the ones you like the most and book them through our trusted agencies.

The success of a good holiday is indeed guaranteed by this too.
